[Redacted]

FROM : Assistant Director for Research and Reports  
Assistant Director for Collection and Dissemination

SUBJECT : Additional Positions for the Intellofax Organization

1. It is requested that the seven additional positions for the intellofax organization which have been withheld heretofore pending a determination as to their use be immediately released to the Office of Collection and Dissemination.

2. The workload of the unit has now reached a stage where the Office of Research and Reports' past investment in the intellofax system on the field of foreign trade would be wholly lost, and alternative measures within the Office of Research and Reports to compensate for the loss of the intellofax system are not now possible.
